

Lodge Facts & Rates

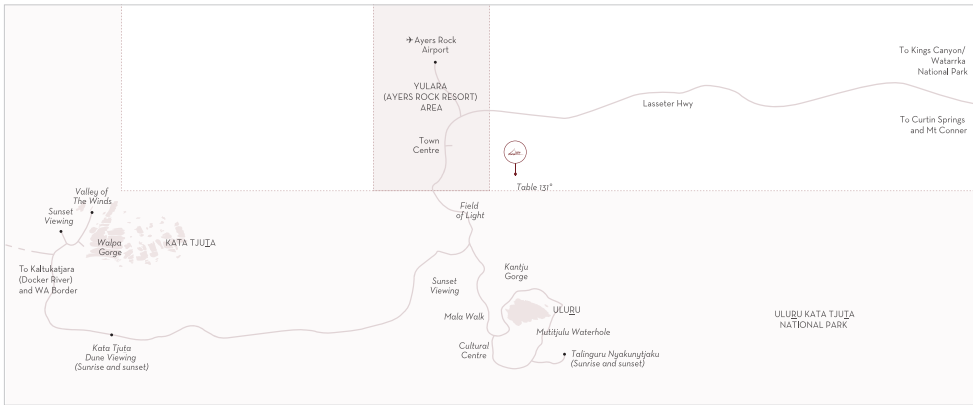

Location

Treasured as Australia's spiritual heart, the dual World Heritage-listed wilderness of Uluru-Kata Tjuta National Park is an ancient desert landscape widely known as the 'Red Centre'. Spanning a vast expanse of the Northern Territory, the outback's rugged beauty is heightened by the living presence of one of the world's largest monoliths, Uluru (Ayers Rock) and the sacred red domes of Kata Tjuta (The Olgas) which stand nearby. It's a land of stark contrasts, playing spiritual home to the world's oldest living culture, the indigenous Australians, whilst revealing a more modern history with the folklore of the early western explorers.
