GREAT BARRIER REEF

YOUR ISLAND  
EXPERIENCES

## CUSTOMISED ITINERARY

### **Experience Lizard Island on the reef, on land or in the tranquillity of the spa.**

Lizard Island offers a wide range of activities that provide opportunities to fully immerse yourself in the natural attractions of the island and surrounding Great Barrier Reef. Our experienced and enthusiastic guides are adept at personalising your experience to your individual tastes, creating memories that will last a lifetime.

Allow us to tailor you a customised itinerary to ensure you sample the best of Lizard Island and the Great Barrier Reef while still leaving time to take in the serenity of your room. Guests are encouraged to pre-book either their full itinerary or individual excursions prior to arrival.

*Note charges apply for certain activities. All tours and activities are subject to change due to weather or tidal conditions. All timings are approximate and minimum and maximum tour numbers may apply.*

## QUICK FACTS

### LOCATION

Lizard Island is located 240km north of Cairns and 27km off the coast of Tropical North Queensland. It is a National Park covering 1,013ha with magnificent sandy beaches.

### THINGS YOU CAN SEE

#### Marine Life

Amongst the estimated 1,500 different fish species, the favourites to look for include the Potato Cod and Giant Grouper, schooling trevallies, giant sweetlips, reef sharks, olive sea snakes, turtles, rays, cuttlefish, anemone fish and giant clams. Dolphins are often seen from the boat. Humpback and minke whales are spotted breaching and cruising from July to September.

#### Coral

There are an estimated 300 species of hard coral making up the spectacular coral gardens in the Lizard Island region of the Great Barrier Reef. Ancient bolder corals, plate and colourful staghorn corals are but a few you can expect to see. Soft corals and sea fans also flourish here.

### CLIMATE AND WATER TEMPERATURE

Average year-round temperature of 27° C (80° F)

Winter water temperature: 22-24° C (72-76° F)

Summer water temperature: 27-30° C (81-86° F)

Full length wetsuits, that are available in all sizes on Island, are recommended between May and October.

### MARINE STINGERS

Jellyfish may be present in the waters during the summer months between November and March. The Activities Crew monitor this daily and inform guests if they are present. Wearing a full body wetsuit or stinger suit are recommended and available complimentary at the beach club. It is recommended to wear these to potentially reduce stings and also functions as sun protection equivalent to SPF 50.

## COVID SAFE /PADI PLAN

Lizard Island Resort has put in place the necessary restrictions across some of our activities and experiences to fit in line with our COVID Safe Plan and the requirements imposed by the QLD Government and local dive authorities.

As a result of some of the necessary changes we have made to our activities & dive options in particular, there are a restricted amount of guests per dive charter & tour that are permitted. In order to offer the broadest range of activities to our guests, ensuring that you can still experience all that Lizard Island has to offer, we have created additional tours and packages across multiple vessels so that all guests have the same access to experiences on offer throughout your stay.

It is essential to pre-book all snorkel/dive and charter experiences prior to your arrival on island so that our team can best plan your itinerary and cater for your request in advance.

Our experienced team of beach club attendants, snorkel guides, dive instructors, boat crew, naturalists and tour guides will work with you to ensure each itinerary is tailored to capture the very best on offer when you visit Lizard Island.

## PRIVATE VESSEL CHARTER
